Kouvola youth services

”We go where the youngsters are!” – Youth work services regionally

Platform for secure growth

RELIABLE AND SAFE AT DIFFERENT STAGES OF YOUNGSTER'S LIFE

A young person feels well when he or she has a life under control, a direction, and an opportunity to make an impact.

The thought about functionality of youth services

The goal of youth services is
- support youngsters growth
- supporting parenthood
- improving employment
- promoting equality and inclusion
- consulting young people and improving their ways to influence

- youth information, counseling and guidance
- education, consulting and communication
- working in schools, online and in leisure using a variety of individual and group forms

Target group is youngsters under 29 –years old

Customer promise

We hear you and together we look for solutions to increase your well-being

1. We promise to face you as an individual and hear what you have to say right now.

2. We promise you will get the best contact with us by coming to the scene, on social media or calling.

3. We promise that your life situation will be considered completely.

4. We promise to walk by your side to support and help you with your circumstances.

5. We promise that you will be involved and responsible in organizing your own services at all times.
